INVESTIGATION EVIDENCE / LOCKED PUBLIC PREVIEW

URL Investigation Report

Every page. A glimpse of each section.

A 14-page preview of the report structure. Only short introductions are shown; detailed findings, commands and screenshots are intentionally omitted.

See full report + video - \$4.99 USD

One-time purchase for one authorised target. No subscription.

REPORT GUIDE

Inside the investigation

All sections are listed below. Select a section to view its introduction and locked preview.

03	Executive summary and verdict	
04	Observed attack path	
05	Attack timeline	
06	Technical findings	
07	Command and payload evidence	
08	Command breakdown	
09	Browser and visual evidence	
10	Captured screenshots	
11	Screenshot gallery - continued	
12	Network and hosting context	
13	Blocking indicators	
14	Response actions and limitations	

Preview only: buying creates a separate report for your chosen authorised target. It does not reveal hidden content in this file.

SECTION 01

Executive summary and verdict

See how the report introduces the assessment and its scope.

The purchased report explains the observed behaviour, confidence and limitations.

EVIDENCE LOCKED

Detailed investigation content is not included in this demo.

See full report + video - \$4.99 USD

URL-RADAR.COM / PROFESSIONAL INVESTIGATION EVIDENCE

Purchase creates a separate PDF + browser-video package for your authorised target. Captures vary by site; commands and instruction screenshots are included when observed.

Explore the public video preview at URL-Radar.com/sample-report

SECTION 02

Observed attack path

Follow the relationship between the website and the behaviour it presents.

The detailed evidence chain is reserved for the purchased report.

EVIDENCE LOCKED

Detailed investigation content is not included in this demo.

See full report + video - \$4.99 USD

URL-RADAR.COM / PROFESSIONAL INVESTIGATION EVIDENCE

Purchase creates a separate PDF + browser-video package for your authorised target. Captures vary by site; commands and instruction screenshots are included when observed.
